Nina, Shane, Derek, and Bill,

OCII had requested EPA to develop a fact sheet summarizing our conclusions on Parcel A. We understand this includes an overview of Navy and CDPH activities. I hope you can find some time to review our draft fact sheet and provide any necessary edits. Is this a review that can be completed by COB September 23? My goal is to have a final version by the end of the month.

Please let me know if you have any questions or that review timeframe doesn't work.

Thank you, in advance, for your time.
